Subject: When is the party for the success in the exams?

My dear the brother Aba al-Ayyubi,

Before everything I like to share with you this supplication which I found it in one of the Islamic sites

In the name of Allah the Gracious the Merciful

Thank Allah and blessings and peace be on Allah's Messenger ...

O Lord be on the American Zionist alliance and who support them and their agents O Lord destroy their structure and break their back and divest their reign and scatter their union and disperse their gathering and widow their women and make their enmity among them.

Amen then Amen. Enough insult to our true religion and to our Prophet Allah's blessing and peace be upon Him and extortion of our land and our holies.

My brother, your last message already reached me and in which you show your faith more and more and the degree of your allegiance to Allah be He exalted and to His Messenger the Seal of the prophets, Allah's blessing and peace be upon Him. Your love for the jihad and your determination for going forward appear clear and Allah willing your jihad will be acceptable to Him Almighty and you become an intercessor not to yourself only but to many of your family in the Day of Judgement.

And I was already extremely pleased upon my reading of your beautiful words and especially in your longing to meet me after the jihad and the victory. I truly yearn for that also and I pray but also work for the meeting even before the zero hour by the help of Allah and according to what the work circumstances impose on us (you know what I mean). And if His will did not want our meeting here so definitely our meeting will be in His be He exalted paradise with the beloved the Prophet Allah's blessing and peace be upon Him and with the heroic Mujahidin and the true believers. But rejoice O my brother for our meeting in this world may be possible and soon Allah willing.

I was already happy to read your news of the determination in buying a computer for you alone without being used by anyone other than you and you will be able to buy it within a week or two. I congratulate you on this determination although it is somewhat expensive. This shows us the degree of your resolve and your determination for the jihad and support of the cause. Your possession of a computer for you alone will allow you for the communication with us in any time you desire and without monitoring and this [UI] to use it more and more at the approaching of

the appointed time to the fatal strike by the help of Allah.

We are trying to send you the brother Hussein for followup and I hope when you obtain the computer that you inform us immediately and you start in using your sharp intelligence in operating the computer and performing the researches the crisis *[sic]* for what is good for the cause and for the jihad and the victory.

My prayer to Allah for success. You also pray for the safety of the brothers and especially the Sheikh.

Your brother in Allah: Rafiq
